<b>Stamped Image:</b> A Mother's Flair OC pg 46	<b>Cardstock:</b> Whisper White Calypso Coral (124392) AC
<b>Inks:</b> Powder Pink (144084) AC Old Olive (126953) AC VersaMark (102283) AC	<b>Dies/Punches:</b> Layering Circle Framelits (141705) AC ½" Circle Punch (119869) AC
<b>Ribbon/Embellishments:</b> Pearl Basic Jewels (144219) AC	<b>Stampin' Emboss Powder:</b> Clear (109130) AC
<b>Adhesives:</b> Glue Dots Multipurpose Liquid Glue	<b>DSP:</b> Petal Garden (144168) AC
<b>Tools:</b> Stamparatus Stampin' Trimmer Simply Scored Heat Tool	

## Mini Handbag – Instructions

1. Cut a piece petal garden of dsp that measures 15cm x 15cm.
2. Using the stampin' trimmer score the square at 5cm and 10cm on both sides. Turn the paper to line up the corners in trimmer and score from the corner of the inside square out to the point. Do this on all corners.
3. See template for scoring and cutting lines – on following page.
4. Glue two of the triangle dsp pieces cut away from the corners together. When dry cut a 0.5cm strip from the widest part, this will form the handle.
5. Using the layering circle dies cut a 2inch plain circle in whisper white and a 2inch scallop circle in calypso coral. Glue the circles together. Use the simply scored to score the circle at 7/8 and 1 1/8. Adhere only one side to the dsp as shown in the picture.
6. Cut a 2inch whisper white scallop circle and a whisper white plain circle. Stamp the 'hope your day is a wonderful as you are' greeting in old olive ink and attach to the inside of the bag in the centre square.
7. Fold the ends of the handle and attach to the whisper white circle at the top of the bag.
8. Stamp in powder pink ink and clear heat emboss the hat image. The stamparatus is excellent for stamping the ink colour and then being able to apply the versamark without having to worry about trying to line up the stamp again.
9. Fussy cut the hat and flower and place a pearl in the middle of the flower. Adhere to the front panel of the whisper white circle.
10. Punch out 2 small circles from the dsp scraps using a ½ in punch. These are to cover the magnets for the closure setting.
11. Place a mini glue dot to one side of a magnet. Attach it to the back of the top flap of the bag, place another mini glue dot to the other side of the magnet and one of the ½ inch circles on it to hide the magnet. Place the other magnet on the already adhered magnet. Put a mini glue dot on the magnet and close the bag flap. This will attach the second magnet in the correct position. Attach another glue dot and place the other ½ inch circle over it. Now the magnets will be covered, and the mini hand bag can close.
12. Put a little treat inside and you now have a gorgeous little gift for someone special.

*This sweet little bag was inspired by several pictures I saw on Pinterest. I have included metric measurements as all I could find on the internet were imperial measurements.*
