BEAUTIFUL ORDINARY LIFE CLASS

Project 1

MEASUREMENTS

Lost Lagoon Cardstock *base*

29.4 x 14 cm, score at 4.9 cm and 9.8 cm from each end along the long side

Lost Lagoon Cardstock *flip out panels*

13.7 x 8.5 cm, score at 2 cm on one end along the long side (x 2)

Lost Lagoon Cardstock *belly band*

3.2 x 24.5 cm

Lost Lagoon Cardstock *for die cutting*

8 x 8 cm

Flirty Flamingo Cardstock *layers*

10.7 x 7.7 cm (x 4)

Flirty Flamingo Cardstock *for die cutting*

8 x 8 cm

Basic White Cardstock *layers; optional*

10.5 x 7.5 cm (x 4)

Designer Series Paper

13.7 x 4.6 cm (x 2) *honeycomb pattern; inside panel*

13.7 x 4.6 cm (x 2) *multicolour geometric leaf pattern; inside panel*

13.7 x 9.5 cm *multicolour inked effect pattern; centre panel background*

13 x 8.5 cm *Pool Party polka dot pattern; centre panel*

8 x 10 cm *multicolour inked effect pattern; tabs*

3.2 x 24.5 cm *striped pattern; belly band*

8 x 8 cm *Pool Party polka dot pattern; belly band*

8 x 8 cm *multicolour inked effect pattern; belly band*

PHOTO SIZES

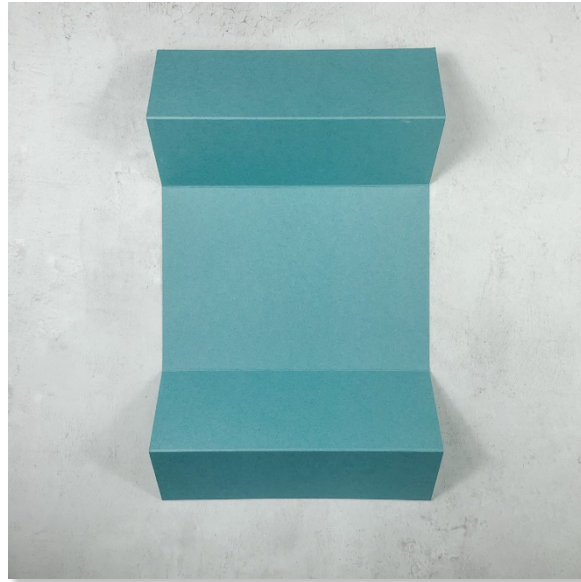

Four landscape orientation photos (black and white photos will work best)

10.3 x 7.3 cm if using Basic White and Flirty Flamingo Cardstock to mat your photos

10.5 x 7.5 cm if using Flirty Flamingo only

INSTRUCTIONS

1. Fold the base card piece to form a double gatefold:

2. Adhere the Designer Series Paper layers to the inside panels of the base card piece (honeycomb, geometric leaf, and inked effect patterns).
3. Fold over the 2 cm scored section on each of the photo flip out pieces to create tabs and burnish with a bone folder. Add adhesive to the tabs and adhere these pieces to the centre panel 0.5 cm in from the outer edges of the base card. You should end up with two flaps, one opening to the right and one to the left.
4. Adhere the piece of Pool Party DSP over the centre piece to cover the tabs of the photo flip out pieces. Ensure it is positioned correctly so that this DSP doesn't show when the side pieces are folded back over the top.
5. Adhere the Flirty Flamingo Cardstock layers as photo mats to each side of the flip out pieces (centred both ways) and then, if you are using them, the Basic White Cardstock pieces over the top.
6. Add your four photos. *We will embellish them later.*
7. To cut the tabs, adhere Lost Lagoon Cardstock to the back of the multicolour inked effect DSP and cut two file tabs using the die from the Extraordinary Life Dies.
8. Cut two more file tabs from the hexagon pattern DSP (the reverse side of the multicolour inked effect DSP).

9. Adhere the tabs with cardstock backing to the edge of each flip out photo piece, butting them right up against the edge of the Basic White Cardstock (or the photos if you are not using the extra white layer). Then adhere the DSP only tabs over the back to cover up the edges.

To embellish the panels:

10. Punch two sets of banners using the Three Banner Punch. One is cut from the black and white small hexagon DSP, and the other set from the black & white polka dot DSP.
11. Die cut a small hexagon (which is 2 pieces) and a small heart from Pool Party Cardstock.
12. Die cut a large hexagon (the one with the little heart in it), a small hexagon, and a small heart from Flirty Flamingo Cardstock.
13. Die cut a note paper piece from Basic White Cardstock.
14. Stamp the 'noteworthy' stamp from the Everyday Life Photopolymer Stamp Set using the black ink of your choice on Basic White Cardstock. Cut out with the widest banner die from the Stylish Shapes Dies.

BEAUTIFUL ORDINARY LIFE CLASS

Use the photos below to guide how you embellish each panel:

BEAUTIFUL ORDINARY LIFE CLASS

Finally, make and embellish the belly band:

15. Adhere the striped DSP layer to the Lost Lagoon Cardstock. Fold it around the closed card with the ends at the back. Secure with Tear & Tape so that it is firm but can still be easily removed.
16. Adhere the piece of Pool Party polka dot DSP to Pool Party Cardstock. Cut a circle using the second largest circle in the Stylish Shapes dies. Attach this to the centre front of the belly band using Stampin' Dimensionals.
17. Fussy cut one of the larger foliage pieces from the black and white foliage DSP. Adhere to the die cut circle on an angle.
18. Adhere the piece of multicolour inked effect DSP to Flirty Flamingo Cardstock. Cut one of the large hearts. Adhere with Dimensionals over the foliage, just a little to the left of the middle to allow room for the sentiment.
19. Stamp the 'cherish this' sentiment using the black ink of your choice on Basic White Cardstock. Cut out with the banner punch and trim the right edge. Adhere over the heart and foliage using a Mini Dimensional on the right side and a little glue on the left.
20. Attach three of the Pool Party dots from the Array of Dots embellishment pack.

Project 2

MEASUREMENTS

Pool Party Cardstock base

29.7 x 10.5 cm, score at 9.9 cm and 19.8 cm along the long side

Basic White Cardstock for die cutting

21 x 29.7 cm

Pool Party Cardstock for die cutting

21 x 29.7 cm (x 2)

Designer Series Paper layers

9.6 x 10.2cm (x 6) striped pattern; note the direction you want the stripes to be so that it stays consistent

Designer Series Paper for die cutting & punching

Pool Party polka dot pattern; to die cut arches small pieces of black & white polka dot, honeycomb, and multicolour inked effect patterns

PHOTO SIZES

Three portrait orientation photos (black and white photos will work best)

Start with photos measuring at least 8 x 12 cm and then die cut with Everyday Arches Dies. Use either the fifth largest (if you want a white border) or fourth largest (without the white border).

INSTRUCTIONS

1. Fold the base card piece to create a concertina with three panels. Burnish the folds with a bone folder.
2. Adhere the Designer Series Paper layers to each panel.
3. Using the third largest die from the Everyday Arches Dies, cut six arches from Pool Party Cardstock.
4. Line each arch up in the centre of each section on one side of your base piece, ensuring that the total height of the card stays within the size for your envelope. To fit a metric C6 envelope, that means the base of the arch is 2.3 cm from the bottom edge of the base card.

BEAUTIFUL ORDINARY LIFE CLASS

5. Adhere each arch to its panel, only adding adhesive to the lower portion. When all three panels are adhered, turn the base piece over and adhere the remaining Pool Party arches to each panel on the back, aligning with those on the front.
6. Using the fourth largest die from the Everyday Arches Dies Cut three arches from the Pool Party polka dot DSP and two from Basic White Cardstock. Adhere the Pool Party ones to the first and third Pool Party arches on the front side of the base piece. On the reverse side, adhere to the arch in the centre panel. Adhere the Basic White Cardstock arches to the remaining Pool Party Cardstock arches on both sides.
7. Using the fifth largest die from the Everyday Arches Dies, cut one arch from Pool Party polka dot DSP, and one from Basic White Cardstock. Adhere the Basic White Cardstock arch to the polka dot DSP arch on the third panel of the front side. Cut a 2 cm strip from the bottom of the polka dot DSP arch and adhere it towards the bottom of the Basic White Cardstock arch (leave a little bit of the Basic White Cardstock showing at the bottom).
8. Using the second smallest die from the Everyday Arches Dies, cut one arch from Basic White Cardstock and adhere towards the right side of the first panel of the front side. This is where your number or sentiment will go. If you need more space, just use a larger die to cut your arch or swap in a different shape from the Stylish Shapes Dies (or other shapes you have).
9. Add your photos to the centre panel on the front side, and the first and third panels on the reverse.

To embellish the panels:

10. Die cut two hearts, one from the honeycomb DSP and the other from the multicoloured ink effect DSP. You can attach cardstock to add extra weight before cutting if you wish.
11. Carefully cut out a piece of foliage from the black and white foliage DSP.
12. Punch four banners from the black & white polka dot DSP using the Three Banner Punch.
13. Stamp the 'cherish this' sentiment using the black ink of your choice on Basic White Cardstock and cut out with the banner punch.

Use the photos below to guide how you embellish each panel. You will also need two foliage pieces, the small butterfly, and the large and small hearts from the Floral Flight Accents, and four small and two medium Flirty Flamingo dots from the Array of Dots embellishment pack.

front

reverse

Project 3

MEASUREMENTS

Petal Pink Cardstock *base*

21 x 27.6 cm, see diagram for score and cut lines

Basic White Cardstock *for sentiments & die cutting*

14.8 x 10.5 cm

Petal Pink Cardstock *for die cutting*

14.8 x 10.5 cm

Designer Series Paper *layers*

Petal Pink pattern:

9.3 x 15.7 cm with bottom corners rounded (if desired); front top flap piece.

5.7 x 15.7 cm; front of the pocket inside the wallet

2.3 x 7.5 cm (x 2); side pieces

11.7 x 15.7 cm; back piece

Designer Series Paper *layers*

Black & white polka dot pattern:

9.3 x 15.7cm with top corners rounded (if desired); inside top piece

11.7 x 15.7 cm; inside middle piece

1.3 x 15.7 cm; strip for front flap

Designer Series Paper *for die cutting and punching*

small pieces of black & white polka dot and Petal Pink patterns

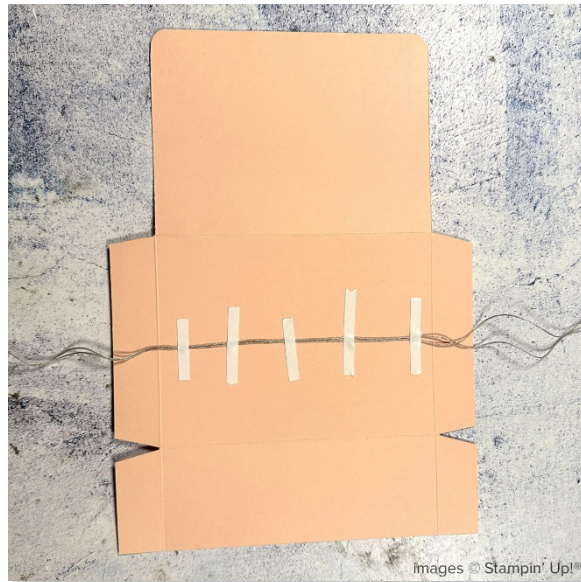

Tip: when cutting the Petal Pink pattern pieces, cut the front, inside bottom, and side pieces from the darker shaded areas of the DSP and leave the pale area for the back e.g. cut a strip 16 cm wide with light at the top moving to darker at the bottom. Cut the back piece from the lighter section, and the other pieces from the darker section left over.

PHOTO SIZES

Up to ten 6" x 4" (101.6 x 152.4 mm) photos for gifting.

INSTRUCTIONS

1. Cut and score the base piece of Petal Pink Cardstock according to the template given below. Round the corners of the top flap if desired. Burnish the folds with a bone folder.
2. Adhere two 50 cm lengths of Linen Thread horizontally on the back centre piece and secure in several places with Tear & Tape. *The Designer Series Paper will be adhered over the top later.*

3. Adhere the DSP to the back and front of the top flap, the inside middle panel, and to the section that will form the front of the pocket inside the wallet. *The back middle section will be added later.*
4. Line the side pieces of DSP up with the top edges of each of the middle side tabs and mark the slanted line (at the top of the left and right fold in pieces) with a pencil onto the top of the side DSP pieces. Trim so that the DSP matches the tab shape. Rub out the pencil line and adhere.
5. With the inside of the wallet facing up, adhere some Tear & Tape to the inside of the fold in pieces in the bottom section on both sides. Fold in the side middle pieces and place one strip of Tear & Tape on the lower right edge. Make sure you don't go up any further than what will be covered by the bottom section when it's folded up.

6. With the middle side tabs folded in, fold the bottom section upwards and adhere. Fold the bottom side tabs around and adhere to the back of the folder. Adhere the DSP to the back middle section so that it covers the tabs you just folded over.

To decorate the outside of the folder:

7. Attach the black & white polka dot DSP strip to the top of the front DSP section.
8. Remove the largest floral spray from the Floral Flight Accents. Cut the three open flower pieces from the very top and put them aside for another project. Adhere the piece to the front using Multipurpose Liquid Glue so that it is on an angle on the left side, with the base of the stem in the bottom left corner.
9. Die cut a piece of the black & white polka dot DSP using the widest banner shape from the Stylish Shapes Dies. Trim the left end at 5 cm from the centre indent piece on the right of the shape. Adhere with the bottom of the shape about 0.5 cm from the base of the front piece, with the indent about 1.5 cm from the right-hand edge.
10. Stamp the 'one fine day' stamp using the black ink of your choice on Basic White Cardstock.
11. Attach a piece of the lightest section of the Petal Pink DSP to Petal Pink Cardstock and cut the wavy frame using the die from the Extraordinary Life Dies.
12. Place the frame over the stamped sentiment and use a pencil to draw around the inside of the frame. Remove the frame and trim 2 mm outside the pencil lines.
13. Erase the pencil lines and then place tiny dots of glue right around the outside of the sentiment piece. Press the frame over the top to adhere and leave to dry.
14. Once dry, add Stampin' Dimensions to just the space behind the 'fine day' section. This is so that the frame can overhang when the flap is closed; the bottom of the sentiment is in line with the edge of the top flap. It also means the Linen Thread can slip behind the frame and be tied in a bow at the right side.
15. Adhere three of the Flirty Flamingo dots from the Array of Dots embellishments.

BEAUTIFUL ORDINARY LIFE CLASS

To decorate the inside of the folder:

16. Die cut the piece of note paper in Basic White and adhere (only put the adhesive on the back of the right edge and bottom third).
17. Die cut the small banner from the black & white polka dot DSP using the thin long banner die from the Stylish Shapes Dies (the one that is approx. 6.5 cm long indent to indent) and adhere slightly overlapping the left side of the note die cut.
18. Adhere the foliage piece (the one with the wider leaves) from the Floral Flight Accents over the top of the banner so that the top of the sprig is at the top of the side piece of the folder.
19. Attach a piece of the lighter section of the Petal Pink DSP to Petal Pink Cardstock and die cut a large heart. Adhere with Dimensionals over the foliage piece.
20. Stamp the 'good times' sentiment using the black ink of your choice on Basic White Cardstock and trim to size. Adhere with Multipurpose Liquid Glue on the right section and a Dimensional on the left.
21. Adhere two of the Flirty Flamingo dots from the Array of Dots embellishments.
